

2015

10 - 13 June, Porto - Portugal
INTERNATIONAL MEETING

AMS / EMS / SPM
american / european / sociedade
mathematical / mathematical / portuguesa de
society / society / matemática

Invited Addresses Wednesday June 10, 2015

Seminário de Vilar

-
- | | | |
|-------------|---|--|
| 16:00-16:45 | Coffee/Tea Break | |
| 16:45-17:00 | Opening Ceremony | |
| 17:00-18:00 | Rui Loja Fernandes, University of Illinois, USA
<i>Global aspects of Poisson geometry.</i> | abstract # 1111-53-663 |

Evening Public Lecture

Sala Suggia at the Casa da Música

-
- | | | |
|-------------|---|---------------------------------------|
| 21:00-22:00 | Marcus du Sautoy, University of Oxford, UK
<i>The Secret Mathematicians.</i> | abstract # 1111-00-89 |
| 22:15-23:00 | Concert | |

Invited Addresses Thursday June 11, 2015

Seminário de Vilar

-
- | | | |
|-------------|---|--|
| 16:00-17:00 | EMS Distinguished Speaker
Sylvia Serfaty, Université Pierre et Marie Curie Paris 6, France
<i>Questions of crystallization in systems with Coulomb and Riesz interactions.</i> | abstract # 1111-82-85 |
| 17:00-17:30 | Coffee/Tea Break | |
| 17:30-18:30 | Marcelo Viana, Instituto de Matemática Pura e Aplicada, Brazil
<i>Repellers of random walks.</i> | abstract # 1111-37-834 |

2015

10 - 13 June, Porto - Portugal
INTERNATIONAL MEETING

AMS / EMS / SPM
american / european / sociedade
mathematical / mathematical / portuguesa de
society / society / matemática

Invited Addresses Friday June 12, 2015

Seminário de Vilar

-
-
- | | | |
|-------------|--|---------------------------------------|
| 16:00-17:00 | Irene Fonseca, Carnegie Mellon University, USA
<i>Quantum dots and dislocations: dynamics of materials defects.</i> | abstract # 1111-35-87 |
| 17:00-17:30 | Coffee/Tea Break | |
| 17:30-18:30 | Gigliola Staffilani, MIT, USA
<i>Recent developments on certain dispersive equations as infinite dimensional Hamiltonian systems.</i> | abstract # 1111-35-82 |

Invited Addresses Saturday June 13, 2015

Seminário de Vilar

-
-
- | | | |
|-------------|---|--|
| 16:00-17:00 | André Neves, Imperial College London, UK
<i>Min-max methods in Geometry.</i> | abstract # 1111-53-656 |
| 17:00-17:30 | Coffee/Tea Break | |
| 17:30-18:30 | Annette Huber, Albert-Ludwigs-Universität, Germany
<i>Differential forms in algebraic geometry – a new perspective in the singular case.</i> | abstract # 1111-14-311 |
